

We pride ourselves on only using the freshest, highest quality ingredients. All of our meals are made from scratch in our 100% nut-free kitchen.

We use local & organic produce & dairy, all natural & grass fed meats, and organic grains. Our meals are served in reusable or biodegradable containers.

St Anne Barrington Parish School

We are excited to return to St Anne Barrington Parish School this year and introduce our new ordering website! We'll have some new hot lunch entees, sandwiches and snacks.

Not Just Another School Lunch

Schools and camps that offer our lunches obtain better nutrition and safer food, but also help the local economy, promote food security, and encourage environmental responsibility.
